PROFESSIONAL SUMMARY

Android Developer with expertise in building native mobile applications using Kotlin, Android Studio, and MVVM Architecture. Experienced in real-time database integration with Firebase, Material Design 3, RecyclerViews, and authentication features.

EDUCATION

Dr. Ambedkar Institute of Technology

Bachelor of Engineering in Computer Science and Engineering (CGPA: 7.5)

Bengaluru, India

2022 – 2026

Nisarga PU College

12th Grade / Pre-University (87%)

Kalburgi, India

2019 – 2021

TECHNICAL SKILLS

Mobile Development: Kotlin, Android SDK, Android Studio, MVVM Architecture, Material Design 3

UI Components: RecyclerView, ConstraintLayout, Fragments, ViewBinding, Dynamic UI

Backend & Cloud Services: Firebase Realtime Database, Firebase Authentication, Role-based Access, REST APIs

Tools & Practices: Git, GitHub, Firebase Console, OOPs, Software Engineering

EXPERIENCE

Android App Development Intern - Generative AI

MindMatrix

2026

Remote

- Developed native Android applications utilizing Kotlin, Firebase SDKs, and Generative AI concepts.
- Architected multi-sport live scoring engine supporting 5+ sports with real-time Firebase synchronization.
- Implemented Firebase Authentication, role-based access control, tournament management, and Admin Dashboard modules.

PROJECTS

Grama Kalyana Sports - Native Android App | *Kotlin, Android Studio, Firebase, MVVM*

- Engineered a high-performance live sports scoring application featuring real-time commentary and score updates.
- Implemented RecyclerView adapters, automated points table generation, and custom Material Design layouts.

CERTIFICATIONS

Certifications: Android App Development Internship Completion Certificate (MindMatrix),

Java,

Python,

SQL Certifications
