PROFESSIONAL SUMMARY

Aspiring Software Developer with a strong foundation in Python, Java, JavaScript, and SQL. Eager to leverage technical skills in developing innovative and user-friendly web and mobile applications.

EDUCATION

Dr. Ambedkar Institute of Technology

Bachelor of Engineering in Computer Science and Engineering (CGPA: 7.5)

Bengaluru, India

2022 – 2026

Nisarga PU College

12th Grade / Pre-University (87%)

Kalburgi, India

2019 – 2021

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript, SQL, Kotlin

Technologies/Frameworks: HTML, CSS, React.js, Node.js, Express.js, Firebase, MongoDB, Android SDK

Developer Tools: Android Studio, VS Code, Git, GitHub, Firebase Console

Core Concepts: Data Structures & Algorithms (DSA), OOPs, DBMS, REST APIs, MVVM Architecture

EXPERIENCE

Android App Development Intern - Generative AI

MindMatrix

2026

Remote

- Engineered native Android applications using Kotlin, Firebase, and Generative AI frameworks.
- Architected a multi-sport live scoring app supporting 5+ sports with real-time Firebase synchronization.
- Implemented secure Firebase Authentication, role-based access controls, and an interactive Admin Dashboard.

PROJECTS

Grama Kalyana Sports | Kotlin, Firebase, Android Studio, MVVM

- Built a scalable multi-sport live scoring Android application featuring real-time data sync and points table calculation.
- Designed clean UI using Material Design 3 and RecyclerView following standard MVVM architecture.

AI-Powered Virtual Legal Assistant | Next.js, Node.js, Python, REST APIs

- Developed an AI application for legal document analysis, query answering, and probabilistic verdict prediction.
- Engineered backend REST APIs to parse PDF documents and execute LLM-based contextual summarization.

Movie Recommendation System | JavaScript, HTML5, CSS3

- Designed a web-based movie recommendation system with personalized search and filtering features.

CERTIFICATIONS

Certifications: Android App Development Internship Certificate (MindMatrix),

Python Programming,

Python for Data Science,

SQL Basic,

Frontend Web Development,

Salesforce Trailhead Badges
